Payment Terms

All accounts must be settled in full with the Auctioneers on the day unless other arrangements are made with the Auctioneers prior to the sale.

Order of Sale

The Sale will commence at 11:30am in catalogue order, starting with the commercial dairy entries, followed by the 'Autumn Gold' Sale of Pedigree Jerseys, followed by the Dispersal Sale of the "Hinton" Herd of Pedigree Guernseys (separate catalogue available).

Auction Sale Rules

(All cattle sold by Kivells are sold under the Livestock Auctioneers Association Conditions of Sale)

In Milk / In Calf dairy cattle sold through the dairy ring at £500 or less per head DO NOT carry the usual National Sales Conditions warranty

Maiden heifers stated to be sold for breeding purposes.

The **vendor** warrants a **maiden heifer** stated in the catalogue or at the time of sale to be sold for breeding purposes to be free from any malformation which would render the animal incapable of breeding. The warranty is a **5 day warranty** if the malformation is patent or a **6 month + 5 day warranty** if the malformation is latent.

If the **purchaser** proves a breach of warranty the **purchaser** may return the animal to the **vendor**. Notice of claim must be supported by a **veterinary surgeon's certificate**.

Cows or heifers sold as being in milk and/or in calf. The vendor warrants a dairy cow or heifer in calf and/or in milk:

- (a) To be correct in the udder and teats;
- (b) Not to be infected with **clinical mastitis**;
- (c) Not to suck any other animal or herself; and
- (d) To be **quiet to milk**.

The warranties in conditions (a) & (b) is an after sale warranty which shall run from the close of the day's sale or until the animal is removed from the sale premises, whichever is sooner. The warranty in conditions (c) & (d) is a **5+5 day warranty**.

Cleansing. The **vendor** warrants that all newly calved **cows** and **heifers** have cleansed satisfactorily before the sale. This warranty is a **3 day warranty** in which any claim made by the **purchaser** must be supported by a **veterinary surgeon's certificate**. The **vendor** is obliged to pay for the cost of one wash out.

Cows or heifers sold as served or guaranteed in calf.

When an animal stated to have been served **less than 10 weeks** prior to the sale and is **pregnancy diagnosed positive**, this is given as **guidance only** and carries **no warranty**. If a cow or heifer has been positively diagnosed as **10 weeks or more in calf** at the time of sale and thereafter is proved to be not in-calf, and a **Veterinary Surgeon's certificate** to that effect is produced there is a **38 + 5 day warranty**.

Where a cow or heifer is sold as 'having run with a bull' no warranty as to the animal being **in calf** at the time of sale is given.

Breeding Stock bulls. The **vendor** warrants that any bull 10 months or over sold as a stock bull is capable of and effective at natural service. This warranty is a **16 week warranty**.

Please note Milk yields are given as a guide but carry no warranty.

The descriptions are supplied by the vendor and whilst they are believed to be correct this catalogue in no way shall guarantee their accuracy.

Antibiotics – Please would **all vendors** inform the Auctioneers if any animal has been treated with **any antibiotics**. There are serious penalties incurred to milk producers for **antibiotic contamination**.

Livestock Notice to Purchasers

Health & Safety – Kivells accept no liability for any damage or injury to persons, livestock, vehicles or plant not arising out of their negligence. Any person entering the livestock market premises does so at their own risk and must comply with the requirements of any Health and Safety notices. All persons entering the livestock markets premises are hereby given notice that there are potential hazards due to the type, penning, herding, loading and unloading of livestock and vehicle movement. Caution should be exercised and children must be fully supervised at all times. Kivells reserve the right to refuse admission to any person or vehicle into the livestock market premises without giving reason. Kivells strongly advise that no persons access the sale ring, pennage or livestock passageways during the sale or whilst animals are being moved through passageways. Should any person decide to enter these aforementioned areas they do so entirely at their own risk. Any incidents or accidents in the livestock market premises should be reported to Kivells market office immediately.

Biosecurity and Livestock Welfare – All persons entering Kivells livestock market premises must comply with all current Biosecurity legislation, rules and conditions. All persons should be in clean clothing and disinfect footwear upon entry and exit from the livestock market premises. Hand wash facilities, disinfectant boot dips and brushes are available and should be used.

Vehicles used to transport animals to or from the livestock market premises must comply with current cleaning and disinfection legislation. All vendors, purchasers, agents and hauliers must comply with all current legislation governing the welfare of livestock whilst at Kivells livestock market premises or in transport to or from the livestock market premises. Any concerns over Biosecurity and Animal Welfare should be reported to Kivells Biosecurity and Animal Welfare officers, whose details are located in the Kivells market office.

Registration – In order to bid, all **new** Buyers are required to register before the auction, at the Kivells market office or as otherwise advised by the Auctioneers. All such Buyers will be asked for two forms of identification and a credit reference will be required. Acceptable identification includes Driving Licence/Passport together with a Utility Bill/Proof of Address/Business Letter Heading/Business Card. The Auctioneers reserve the right to request a deposit ahead of any purchase or during sale proceedings and to refuse registration or any bid or bidder without giving reason. New Buyers are strongly advised to contact the Auctioneers well in advance of the sale.

Payment – All Lots must be paid for on the day of the Sale by the Buyer prior to any removal or consolidation, unless alternative arrangements have been agreed with the Auctioneers. At the fall of the hammer the highest bidder will be deemed to be the Buyer and transfers of purchases will only be permitted with prior approval from the Auctioneers. Any payment is to be by a means approved by the Auctioneers. Our preferred payment terms are debit card or cash and Kivells reserve the right to stipulate payment by these methods. Kivells may also accept bank transfers and cheques with prior approval. Our Bank Account details are: Sort Code 56-00-49 Account Number 32376359.

Payment in Cash – In order to comply with money laundering regulations we cannot accept Cash payments above the maximum permitted at the time of sale. The maximum varies according to exchange rates and currently it is circa £9,000. Buyers are advised to check with the Auctioneers ahead of the sale.

Conditions of Sale – It is strongly recommended that Bidders and Buyers visit **Kivells.com** and read the full Conditions of Sale produced by the Livestock Auctioneers Association (LAA) ahead of the sale. Unless advised otherwise you will be bidding and buying under these Conditions and you will be obligated to abide by these Conditions and these Notice to Purchasers. The LAA Conditions of Sale are also displayed in Kivells market office. Clauses 12 to 19 inclusive relate mainly to the Purchaser. This catalogue may also contain reference to Warranties as defined by the LAA Conditions of Sale. Warranty issues will not be considered if payment in full has not been received.

Risk – All livestock are at the risk of the Vendor before they are sold and at the risk of the Buyer when they are sold (fall of the hammer). It is strongly advised that Vendors and Buyers ensure that their insurance policies cover livestock at market premises and that Buyers have immediate cover for animals purchased.

Removal of Lots – Lots can only be removed once payment has been made in full and/or a pass issued by the Auctioneers. All Lots need to be cleared from the sale premises by 5pm on the day of sale unless otherwise agreed with the Auctioneers.

Descriptions of Lots – Buyers should satisfy themselves prior to making bids as to the condition of any Lot and should rely on their own judgement as to whether the Lot accords with its description. All Lots are sold under the Livestock Auctioneers Association Conditions of Sale as referred to above to include the following two clauses:

Statements of Fact – Unless otherwise announced all statements of fact made in any sale catalogue or at the time of sale regarding the breeding of any animal, its health status or other tests carried out on any animal are statements of fact made by the Vendor and not the Auctioneer and the Auctioneer accepts no responsibility for any misstatement nor does he nor the Vendor accept any responsibility for any subsequent reaction by an animal sold to any relevant test administered after the sale.

Liability of The Auctioneer – The Auctioneer acts in all respects only as agent for the Vendor and no warranty is given by the Auctioneer or his employees or contractors, and none shall be implied, as to title, description or the quality of any Lot. Neither the Auctioneer nor his employees or contractors shall be liable to the Purchaser in any respect for any defect of title, error of description or imperfection or for any announcement or statement concerning any Lot offered for sale whether made orally or in writing (whether in a sale catalogue, order of sale, advertisement for the sale or otherwise) and whether given before, during or after the sale, nor shall he incur any liability in relation to any dispute between a Vendor and Purchaser.

Bidding Form – The Auctioneers will bid on your behalf if written instructions are received on the form supplied, or an email or text has been received confirming instructions and acceptance of the terms set out in the form and adequate time is available to enter such bids. The Auctioneers reserve the right to request a deposit as part of the instruction process. It is entirely at the discretion of the Auctioneers whether other forms of bids are acceptable however in every case there is no liability on the auctioneers.

Refreshments and Facilities – Canteen and toilets are on site.

NOTICE TO PURCHASERS:-

Please could all buyers and particularly those under **TB Restrictions**, make sure they are fully satisfied with their purchases before the cattle are removed from the market. If you are purchasing cattle and your farm is under TB Restriction, it is not possible for the vendor to take the animal back should there be an issue, **therefore we ask that all buyers ensure their purchases are sound and correct in the udder and are completely satisfied before taking them home.**

at EXETER LIVESTOCK CENTRE
Matford Park Road, Exeter, Devon, EX2 8FD

Foreword

Kivells are delighted to have received instructions on behalf of Hinton Farm Ltd to disperse their “Hinton” Herd of Pedigree Guernseys which is being removed to Exeter Livestock Centre for convenience of sale on Friday 10th September 2021.

The Bartlett family moved to Hinton in 1947 to take up a tenancy with Trinity College, Cambridge. The entire "rainbow" herd of 50 cows was herded down the main road from the previous farm at Galhampton near Castle Cary to their new home beside the river Yeo.

In the 1950's, encouraged by the introduction of a Channel Island milk bonus by the local dairy and the many advantages of the breed, Grandfather gradually changed the herd to a pure Guernsey herd.

During the 60's & 70's the herd developed using traditional English and Island bloodlines to produce a cow suitable for utilising the forages grown on the farm. The herd, with the essential help of Bob Dolbear, eventually achieved pedigree status in the early 80's. In recent years the cows have been served by AI to English Guernsey Society young bulls, while the young stock have run with a pedigree Guernsey bull, currently Je-Taime Fernando Lyndon or Rosedale Gabriel. The increasing quality & availability of sexed semen has allowed improvements in the number and calibre of the young stock coming through.

Today, the herd consists of just under 90 milking cows & 56 followers. Due to various circumstances and the difficulty of purchasing Guernsey cattle over recent years, we have purchased cattle of other dairy breeds and have been looking after milkers and young stock for three other owners. The milk produced is tested every other day and mainly sold to local cheesemakers Wyke Farms but an increasing quantity is being sold direct to customers, as raw milk via our farm shop.

With the indispensable efforts, skills and knowledge of Digby Gribble and his helpers we have tried to support as many shows as possible over the years, where farmers and more importantly the public, are able to see and ask questions about the breed and farming in general.

Management

The cows strip-graze, from February to November, up to 120 of the total 264 acres of the main farm, with a further 12 acres of grass keep for heifer summer grazing and hay making. The rest of the farm grows arable crops: 117 acres of cereals (wheat & barley) for grain to sell and importantly straw for winter bedding in the loose housing yards. Forage maize is grown on the remaining part of the farm and fed through most of the year to balance lush spring grass, drought summer grazing, variable autumn forage and 3-4 month winter basic TMR. Dairy cake is fed in the 20:20 Herringbone parlour to yield to top up home grown forages. The farm aim is always for maximum gain from minimal cost.

Herd Health

The cows are looked after by our long term vet, John Walsh of Friarsmoor Livestock Health Ltd, who carries out routine visits and advises us on all aspects of herd health. Routine foot trimming is carried out by Delaware Vet Group, although they rarely see many Guernseys and tend to work on the other breeds. The herd is quarterly bulk milk tank tested for IBR, BVD and Lepto. All breeding stock are vaccinated for BVD with Bovela vaccine. In their first year grazing, the youngstock are vaccinated to protect against lungworm with Huskvac & later given an Autowormer bolus. The dairy herd has been monitored for Johnes since 2013, allowing us to remove likely problem cows and there has never been a clinical case for over 40 years. We have just carried out and passed our annual TB whole herd test on 23.08.21. All dry cows are given orbeseal teat sealant, eprizero wormer & spot-on fly repellent. Any cows with a cell count above 120 are treated with Ubro Red dry cow tube and a few cows that have had a clinical case of mastitis or cell count average above 250 are given Orbenin Extra DCT.

NMR Herd Average:	5571 Kgs 5.04% BF 3.87% P cc190
Milk Sold Average:	5745 Kgs 4.95% BF 3.74% P cc188 21 Bac

We have now made the difficult decision to disperse the herd and concentrate on the other sectors of the business. We hope you will find animals suitable for your situation/conditions and enjoy the many merits of the Guernsey cow.

Auctioneers Comments

This dispersal is a very rare opportunity to purchase quality Guernsey cattle. James Bartlett has invested in many great cow families over the years and every effort should be made to attend this important sale. We look forward to welcoming you to Exeter on Friday 10th September, however if you can't make it and wish to use our **Online Bidding System through MartEye** then please get yourselves registered!

Kivells Ltd

NOTICE TO PURCHASERS:-

Please could all buyers and particularly those under **TB Restrictions**, make sure they are fully satisfied with their purchases before the cattle are removed from the market. If you are purchasing cattle and your farm is under TB Restriction, it is not possible for the vendor to take the animal back should there be an issue, **therefore we ask that all buyers ensure their purchases are sound and correct in the udder and are completely satisfied before taking them home.**

This dispersal sale will be sold in Guineas (£1.05)

IN CALF HEIFERS

Due dates are given as the vet's best estimate and must only be treated as a guide as the heifers have been running with stock bulls, however they are all warranted in-calf unless stated otherwise.
