24 Dairy inc Autumn Special Sale of Jersey Cattle

Next Sale – Monday 17th October

Thanks to all who made today's sale a success - we started with the regular fortnightly dairy sale where trade topped with the first prize Milker a 17 day calved heifer from Raymond and Robert Johnson, Felliscliffe. Giving 27kg she heads home with Alan and Emily Middleton, Beamsley. This section averaged £1993 with the second calver from Ian Parkinson also breaking £2200 to Geoff Liddle, Huby, while four Friesian bulling heifers from the Roydmoor herd of the Dickinson family at Thurlstone averaged £913.

The day's highlight was without doubt the Autumn coloured breeds sale with 14 under the hammer. Top price here fell to James Pratt and Stuart Clapham with the first prize in milk Jersey, lot 3 Studdah Endeavour Lemonhead Glamour a potential 10th generation VG or EX and giving 25kg per day in her first - she also heads to Alan Middleton. In milk Jerseys averaged £1929 while a good show of eight in calf heifers predominantly from the Shaw family at Greyleys and mainly in calf to sexed semen averaged £1529 with trailers heading north to Scotland, south to Staffordshire and a few travelling locally.
