NEW RULE SURROUNDING UDDER FIXING
AS PER THE TS & CS 2025

As with many other shows we will adopt udder scanning from this 2025. Udder scanning assesses the welfare of the cows by looking at the level of udder oedema accumulated in the udder. Oedema is a fluid accumulation indicating inflammation and therefore pain. The process is quick and will be carried out before the cows enter the show ring for each milking class. The vet carries out udder scanning with two thresholds. If oedema exceeds 20mm the cow is milked out to prevent further inflammation and can be shown; if it exceeds 40mm the cow has excess inflammation and is removed from the show.

Teats will also be assessed and if there are any concerns further assessment will be carried out with a cattle steward. Udder fixing is prohibited in the show rules.

The Show's Veterinary Officers are authorised to refuse permission for any animal to be admitted to, or to have removed from, the Showground any animals affected with contagious or infectious disease. The exhibitor of such animal may obtain a certificate from the Show, stating the nature of such disease or infection. Concealment of disease will render the exhibitor liable to disqualification in accordance with Regulation 6.

RINGWORM

54. Exhibitors are specifically cautioned not to send to the Show animals which are exhibiting any visible signs of Ringworm in any stage. Any animal found to be so affected will, on the certificate of the Veterinary Officers, be disqualified from competition and removed from the Show, and will subject the exhibitor to a fine not exceeding £50 in each case.

MALPRACTICES

55. a) If it shall be proved to the satisfaction of the Stewards or Show that an exhibitor or competitor has knowingly signed an incorrect Certificate, or knowingly given an incorrect pedigree of any animal, or brought forward an animal whose ear number does not correspond to that on the entry form, or has attempted to enter any animal or other exhibit or to obtain a prize by any other unfair means at this or any other Agricultural Society's Shows, or is under exclusion from any Breed Society for fraudulent practice, the Show may in its absolute discretion cancel all awards made to such exhibitor or competitor, to disqualify him or her from exhibiting or competing at future Shows of the Company, and to inform other Agricultural Associations of their action in this respect.

b) The Show **will not tolerate** the administration to exhibits (entered either for competition or sale/demonstration) of tranquillisers or other drugs which may in any way affect the performance of the animals in question to have the effect of making it behave in the Show ring in a manner which is not natural. The show veterinary surgeon reserves the right to refuse to allow the medication or, if this is not accepted by the exhibitor, to exclude the animal from the showground.

The Show reserves the right to take any necessary samples. Any person or exhibitor (or his representative) who is found to have administered or permitted the administration of any such tranquiliser or drugs to any Show exhibit will be reported to Bath & West Shows Ltd and dealt with at their discretion. In addition, the matter will be referred to the appropriate Breed Society or Organisation.

c) Any artificial contrivance or device of any description found on or proved to have been used on an animal at any time **whilst that animal is in the Showground**, either for preventing the flow of milk or for any

other improper purpose, will disqualify that exhibitor from being awarded a prize, **and any prize awarded to that exhibitor at the show prior to discovery will be forfeited.** The Owner of the said animal may be prohibited from again entering Stock for any of the Company's Shows, for such period as the Company may see fit. For the purpose of this Regulation, the term "improper practice" shall be held to include setting of teats, and generally any other practice **which results in the animals being shown other than in a natural state**, and the Show reserves the right to have all animals inspected at any time once on the showground, **either prior to, during, or after judging. In addition, to ensure there is compliance with this rule, any Dairy Breed Champion is liable to be routinely inspected by the Show's Veterinary Officers, immediately after judging.**

d) As with many other shows we will adopt udder scanning from this 2025. Udder scanning assesses the welfare of the cows by looking at the level of udder oedema accumulated in the udder. Oedema is a fluid accumulation indicating inflammation and therefore pain. The process is quick and will be carried out before the cows enter the show ring for each milking class. The vet carries out udder scanning with two thresholds. If oedema exceeds 20mm the cow is milked out to prevent further inflammation and can be shown; if it exceeds 40mm the cow has excess inflammation and is removed from the show.

Teats will also be assessed and if there are any concerns further assessment will be carried out with a cattle steward. Udder fixing is prohibited in the show rules.

OBJECTIONS

56. Any Exhibitor wishing to lodge an objection, having reference to Livestock exhibited at this Show, must make the same in writing on a form to be obtained from the Stock Office, and deposit the sum of £50. If, on investigation, the objection is not sustained to the satisfaction of the Organising Committee, the sum thus deposited shall, at the discretion of the Committee, be forfeited to the funds of the Show. All objections must be delivered at the Stock Office in the Showground on the day on which the award is made, and no objection will be SUBSEQUENTLY received, unless a reason, satisfactory to the Committee be assigned for the delay.
57. The Disqualifying Committee will consider such objections at a time and place to be fixed by them, at which time and place any person making an objection must attend or be represented by his/her authorised agent. The decision of the Disqualifying Committee shall be final.

ADJUDICATION OF PRIZES

JUDGES

58. If, for any reason, a judge is unable to attend the Show or is more than 30 minutes late, the Show reserves the right to appoint a replacement. Every effort will be made to inform exhibitors of the change.
59. **The judges are instructed as follows:**
- a) **NOT TO AWARD ANY PRIZE OR COMMENDATION TO ANY ANIMAL WHICH CONTRAVENES THE WELFARE REGULATIONS.**
 - b) To make the milking capacity and form of udder one of the chief points in awarding prizes to cows and heifers in milk.
 - c) To draw the attention of the Stewards to any exhibit that has been improperly prepared for exhibition or is wrongly entered.
 - d) If a judge has presented before him an animal which he has bred, owned or had an interest in he/she shall place all the other animals in the class and call in the Show's referee to place the animal in question.
 - e) To award in every class, in addition to the prize money, Award Rosettes at the Judge's discretion providing the exhibit is of sufficient merit.
 - f) In no case, shall a prize be awarded unless the Judge deems the entry to have sufficient merit, and should the Judges consider the exhibits unworthy of the highest prizes offered, it shall be in their power to award a lower prize.
 - g) To award one Reserve number for each Championship and Special Award indicating the second best exhibit in case the exhibit to which the prize has been awarded should be disqualified.
 - h) Immediately after judging each class, to sign the Judges award sheet, noting any disqualifications.

AWARDS

60. Only the signed awards of the Judges are accepted by the Show as evidence that a prize has been awarded, and the production of the prize card or the rosette by an exhibitor will not entitle him/her to the prize. The Show reserves to itself the right to withhold any prize, if in the opinion of the Stewards, the conditions and regulations have not been properly complied with, or if, in the opinion of the Judges, there is insufficient merit.

Should the panel of judges produce a tie situation in the Supreme Championship, the number of 10's awarded will be taken into account to determine the winner. Should a tie still remain, then the number of 9's awarded will be taken into account and so on until a winner is identified.

REFEREE

61. Should any question arise upon which the Judges may desire a further opinion, the Stewards shall provide them with a Referee.

TROPHIES

62. Exhibitors wishing to have trophies engraved should do so at their own cost, but any engraving must be similar in size, style and layout to previous engravings to ensure consistency. The Show will seek reimbursement for the cost of repairing any damage caused to trophies through mishandling or engraving.

PAYMENT OF PRIZES

63. Cheques for the prizes awarded (except where further qualification of an animal is required) will be forwarded by post to the Exhibitors to whom they have been awarded as soon as possible after the Show.

HEADBOARDS

64. Exhibitors of Cattle must erect headboards giving name, catalogue number and sire of their animals. Failure to include the catalogue number may result in forfeiture of prize money. Exhibitors of Dairy Cattle will be permitted to erect headboards giving milk records of their animals with the figures for 305 days only, not lifetime. Cards for this purpose will be supplied by the Entries Office. The Show will hold exhibitors entirely responsible for the accuracy of information supplied. **Exhibitors will also be permitted to erect Herd Signs above their animals, but these must not exceed 1m high.**

SECURING OF CATTLE

65. All cattle must be properly secured to the satisfaction of the Officers of the Show on being brought to the gate of the Showground, or they will not be admitted.

All cattle must be halter-led whilst in the Showground. Stock attendants are responsible for their own Cattle at all times.

No cattle will be allowed into the Judging Rings unless entered in the class being judged at that time.

INTERPRETATION OF REGULATIONS

66. The Show reserves to itself the sole and absolute right to interpret these or any other prescribed conditions and regulations, or Prize Sheets, and to settle arbitrarily and determine all matters, questions or difference in regard thereto, or otherwise arising out of, connected with or incident to the Show. Also to refuse and to cancel any entries, disqualify exhibitors, prohibit exhibition of entries, vary or cancel awards of prizes or reserve numbers, and relax conditions, as the Show may deem expedient.
